Town of Waxhaw Board of Commissioners

From: Marion P. Morton *mpm*  
Southside Cemetery Manager  
Public Services Dept.

Re: Bid award for repairs to the arbor in the Southside Cemetery and the downtown well arbor

As I have discussed with several of you previously, it has become necessary to make repairs to the historic arbor located in the mid-section of the Southside Cemetery as well as to the well structure located on West North Main Street. The roofs on both of these consist of wooden shake shingles that need to be replaced along with repairs being made to the underlying foundations. Attached to this memo you will find two bids that we have secured in order to complete these repairs. This type restoration can be very tedious and finding quality contractors willing to do these small jobs has proven to be quite a challenge.

After careful consideration and visual inspection of craftsmanship of vendors, I am respectfully requesting that the bid for these repairs be awarded to Mr. Mark Hernig in the amount of \$16,250.00. (Option #2) Not only is Mr. Hernig's bid the lower of the two received, he has vast experience in this type of construction. As many of you know, he has overseen and completed construction of the structures on the campus of the Museum of the Waxhaws, all of which use this method of roofing. I have included photographs of his work at that location within this package also. Mr. Hernig has spent a considerable amount of time both researching and working on the designs of such historic structures and has demonstrated an exemplary level of skill when working with these type projects. His meticulous attention to details and his experience and expertise working in these scenarios promises to assure that these repairs will be in keeping with the Town's strong desire to preserve its historic landmarks while making any repairs and/or renovations consistent with their original state.

In addition to Mr. Hernig's bid amount of \$16,250.00, I am requesting an additional \$1,600.00 (10%) be approved for any unexpected expenses that might be incurred. This additional amount will be used only if absolutely necessary. The funds for this project will be covered through the Cemetery Maintenance and Beautification lines contained within the Public Services budget.

Thank you in advance for your consideration of this matter. Please feel free to contact me with any questions or concerns that you might have.

CC: Greg Mahar, Interim Town Manager  
Melody Shuler, Town Clerk  
Todd Matthews, Public Services Director

**To:** Marion Morton  
**Subject:** Quote to replace wood shingle roof on cemetery arbor and well structure

Project details:

Remove old shingles and plywood sheathing from both structures. Replace the plywood sheathing with 2 by 4 nailer stripping, then reshingle. The 2 by 4 stripping will be nailed to roof rafters at intervals coinciding with the shingle reveal (the amount left visible). This method of attaching the shingles maximizes the exposure of the shingles, bottom side, to air flow facilitating its drying effect. This, in turn, increases the life of the shingles, and roof.

Town would supply:

Lumber (projected cost) - \$900.00

Regular #12 or #16 framing nails, and hot dipped galvanized roofing nails. - approx: \$100 (The hot dipped galv. nails are necessary due to the wood treatment ingredients of the shingles.

Treated Lifepine shingles - 8 squares of 18" shingles for double overlap method - \$2200.00 (Option 1)

or

10 squares of 24" shingles for triple overlap method - \$3250.00 (Option 2)

Contractor would supply tools, equipment and labor necessary to complete job. Removal of all construction debris is included. \$12,000.00

March 3, 2015

Madam Mayor and Town Commissioners,

Preparation efforts for the installation of our park surveillance cameras are under-way. Prior to going live, it would be prudent to formalize a Town policy regarding surveillance. The Town IT Manager and I collaborated on a simple policy to capture the expanded uses we are experiencing and expect to see, moving forward. The Town Attorney assisted in streamlining. The policy has been reviewed by our Chief of Police and Town Attorney and it was found to be consistent with the law.

The use of surveillance cameras requires that we understand how their data fits within the context of public record requirements. There is a public records exemption for law enforcement data. If used solely for law enforcement, there may be no duty to provide coverage to the public. Park cameras, however, can assist us in identifying safety hazards, maintenance needs, volume of usage and more. Parks and Recreation usage falls outside of law enforcement. As a result, we must simply be aware that there is a requirement to keep data for 30 days, after which, that data can be disposed of. In addition to that point, non-police related footage can be requested by citizens, with public records requirements applying.

This letter serves as a request for your approval of this policy. We understand that as we grow, the scope of this policy may extend as well. We are happy to make updates and seek your subsequent approval as needed. Thank you for your consideration!

Sincerely,

Natalie L.K. Jackson  
Director of Parks & Recreation

## **Video Surveillance System Policy for the Town of Waxhaw**

### Purpose

The Town of Waxhaw makes limited use of video surveillance systems on its properties. Video surveillance systems are primarily used to provide surveillance at building entrances, lobbies, parking lots, streets, parks and where equipment may be stored. The primary purpose of the video surveillance system is to assist with the forensic investigation of crimes committed on Town property.

The video surveillance system is not intended to be used as a method of tracking the work habits or productivity of individual employees or town patrons. Video surveillance cameras are generally not used to observe employee work areas and are never used in areas where employees would have an expectation of privacy, such as restrooms or locker rooms.

### Management of Video Surveillance Systems

The Town of Waxhaw IT & Police Departments are responsible for the management of all video surveillance systems used at the town. The Parks & Recreation Department will maintain access to park specific video camera coverage. Other departments may have access, as granted by the Town Manager, but shall not install a video surveillance system without the knowledge and approval of the IT & Police Departments. In particular, the use of covert camera systems must first be approved by both the Town of Waxhaw IT, Police, and Legal Departments.

### Video Surveillance Monitoring

The video surveillance systems are capable of being monitored from police vehicles and computer systems located at the Police Department and within other approved Town departments. Town staff members generally view video surveillance cameras on a periodic basis or in response to a specific incident. Because of the many responsibilities of the Town staff and officers, the video surveillance system is not monitored on a continuous basis.

### Video Surveillance Recording

All video surveillance cameras are capable of continuous recording via a digital video recording system.

The Town of Waxhaw IT Department and Police Department are responsible for the management of the video surveillance system and will assist with requests for access to video files, using the state of North Carolina's records retention requirements and applicable statutes as their guidance.

In the event that a crime or incident occurs, the public or employees should report the incident to the Waxhaw Police Department. If the event occurred in an area where video surveillance

coverage is available, the Town may review the recorded video and make a determination as to whether there is any video relevant to the incident. This video will be used by Waxhaw's law enforcement officers to investigate and resolve the reported security incident.

All requests for video recordings, by law enforcement agencies, shall be coordinated through the Waxhaw Police Department.

Recorded video will be stored for a period of thirty days. Any video associated with a major security incident or event during this time period is generally converted into a permanent video clip and stored according to state regulations.

#### Limitations of Video Surveillance Systems

Employees should be aware that a security officer is not watching most cameras most of the time and employees should not have an expectation that they are under continuous surveillance when they are in the range of a camera. For example, employees walking to their car late at night should call for an escort rather than assume that they are already being watched by a security officer using a camera.

Employees should also be aware that the video surveillance system has cameras that cover only a small fraction of Waxhaw properties, and even when camera coverage exists, it may not provide the level of detail necessary to spot suspicious activity or identify criminals.

March 3, 2015

Madam Mayor and Town Commissioners,

Our downtown parks are adorned with beautiful trees however, some trees currently pose safety concerns. Our County Arborist has mentioned before that should a tree pose a safety risk, there is justification for removal. The Director of Public Services and I agree that there are trees warranting removal in both the David G. Barnes Park and Waxhaw Sk8 Park.

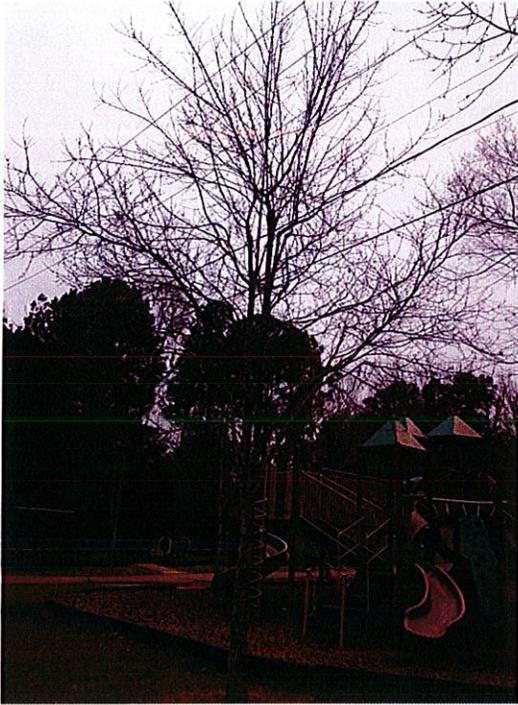

Attached, you will find a depiction of issues we are experiencing with regard to trees, power-lines and debris. Ahead of spring, we would like to remove or modify trees that are currently growing into power lines. We would also like to remove trees that drop significant debris on the Sk8 Park surface. This debris catches in skateboard wheels and poses a safety concern.

I wanted to make you aware of our desire to increase safety by addressing risks posed by trees in our downtown parks. In closing, I would like to make note of two important points. If our Public Services team can safely retain a tree via limbing, in the David G. Barnes Park, we will try to keep it. Trees set for removal in the Waxhaw Sk8 Park do not provide meaningful amounts of shade and have been recommended for removal by the Sk8 Park designer as well as the Public Services Director, both of whom I concur with. I am happy to answer any questions you may have.

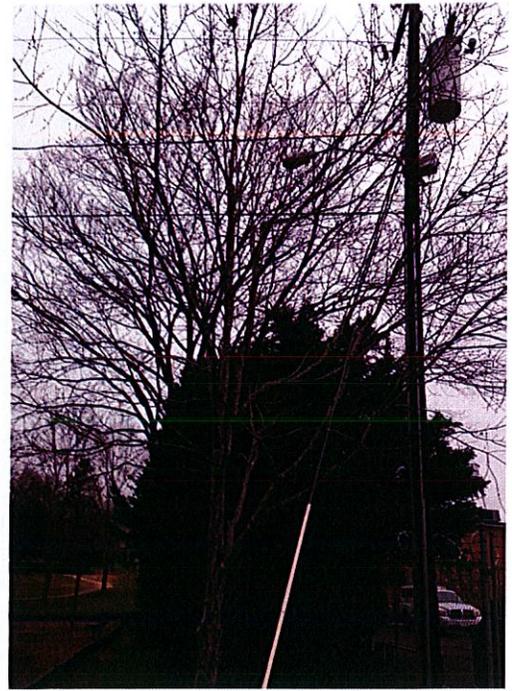

Approval of this memorandum, on the consent agenda, will act as permission to address tree issues in our downtown parks.

Sincerely,

Natalie L.K. Jackson  
Director of Parks & Recreation

**Rezoning Petition RZ-003080-2015  
3808 Providence Road South**

**EXPLANATION OF THE REQUEST**

Petition RZ-003080-2015 is a request by McCray Smith, on behalf of Cray, Inc., for a rezoning/map amendment on parcel 06-138-001 from R4 (Single-family Residential) to C1 (Neighborhood Commercial) located at 3808 S. Providence Road.

**LOCATION AND CURRENT LAND USE**

The property is located at 3808 S. Providence Road and has frontage on S. Providence Road and Red Oaks Trail. The property currently has a single-family residence located on it. The property is 0.91 acres in size.

- Condition and land use of the surrounding properties. The adjoining properties are:
  - To the north – Two single-family residences along S. Providence Road zoned R3 (Single-family Residential) and one single-family residence located in the Kingston on Providence subdivision zoned R4 (Single-family Residential).
  - To the east – Across S. Providence Road is a vacant wooded parcel zoned C1 (Neighborhood Commercial).
  - To the south – Across Red Oaks Trail is a vacant wooded parcel zoned CU-C1 (Conditional Use Neighborhood Commercial).
  - To the west – A single-family residence that is part of The Oaks on Providence subdivision zoned R4 (Single-family Residential).

**EXISTING ZONING & LAND USE**

The subject property is zoned R4 (Single-family Residential). According to Section 4.1.4 of the UDO (Unified Development Ordinance):

“The purpose of the R-4, Single Family Residential District is to provide for the residential use of land developed in a high density pattern. The principal structure of the R-4 zoning district is the single-family detached dwelling.”

According to Section 11 of the UDO the minimum lot size in the R4 zoning district is 12,000 sq. ft.

**2030 COMPREHENSIVE PLAN / FUTURE LAND USE MAP / HIGHWAY 16  
CORRIDOR PLAN**

The Future Land Use Map from the 2030 Comprehensive Plan shows the property as Medium Density Residential and within the Providence Road Corridor Buffer which are described in the plan as follows:

**“Medium Density Residential.** These areas include existing and future areas for development of more dense residential neighborhoods that provide a diversity of housing types and housing options. Areas include single-family detached units, mobile homes, townhouses, duplexes, condominiums, apartments, senior housing, and other multi-family dwelling units, depending upon the character of existing neighborhoods. Housing densities should range from 3-8 dwelling units per acre. Other types of uses that may

occur are schools, parks, and some neighborhood commercial uses, such as coffee shops and small corner grocery stores.”

**“Providence Road Corridor.** This classification designates a corridor along Providence Road (NC-16) - the primary road corridor through Waxhaw - that has been identified for additional planning. A plan for this corridor should include recommendations for specific design standards, such as building orientation, location and amount of parking, pedestrian and bicycle facilities, signage, and architectural requirements. Standards should also address transportation design, such as access management.”

The Providence Road Corridor calls for further planning as was recently completed in the adoption of the Highway 16 Corridor Plan. The regulating plan from the Highway 16 Corridor Plan for this property calls for NMX (Neighborhood Mixed Use) which is described in in Section 4.1.17.B as:

**“Neighborhood Mixed Use (NMX):** The Neighborhood Mixed Use District consists of higher density, mixed use buildings that accommodate retail, offices, townhouses and apartments. It has a tight network of streets, with wide sidewalks, steady street tree planting and buildings set close to the sidewalks.”

**PLANNING STAFF ANALYSIS**

The property is currently single-family residential and adjacent to single-family residential properties. There is C1 and CU-C1 zoning across S. Providence Road and Red Oaks Trail respectively, however they are not immediately adjacent to the property and they remain vacant and undeveloped.

The Future Land Use Map in the 2030 Comprehensive Plan calls for Medium Density Residential and the property is located within the Providence Road Corridor. Medium Density Residential allows some neighborhood commercial uses, including coffee shops and small corner grocery stores which is in keeping with the requested C1 (Neighborhood Commercial) zoning district. The Providence Road Corridor states that further study is needed and this was achieved with the adoption of the Highway 16 Corridor Plan. The regulating plan contained in the Highway 16 Corridor Plan depicts the property as NMX zoning, which is in keeping with the C1 zoning district.

**PLANNING STAFF RECOMMENDATION**

The requested rezoning is in keeping with the 2030 Comprehensive Plan and Future Land Use Map and the Highway 16 Corridor Plan. This rezoning is a general rezoning request to C1 (Neighborhood Commercial), and therefore, no conditions can be placed on the approval and any use allowed in C1 could be placed on this parcel. A Zoning Table of Uses from the UDO is attached for your reference to see the uses that are allowed in the C1 zoning district.

The applicant has indicated to staff that the property would be used for an office if the general rezoning is approved, however, since this is a general rezoning request, the applicant could use the site for any use allowed in C1. Staff feels that some uses in the C1 zoning district may not be suitable for this property. Since this property is immediately adjacent to single-family residential properties and is under an acre, staff recommends that a Conditional District Rezoning would be more appropriate for the property. With a Conditional District Rezoning, conditions could be imposed by the Board of Commissioners and uses could be limited to those sensitive to the neighboring residential properties.

Staff does not recommend approval of the proposed rezoning RZ-003080-2015. However, given the recommendations of the 2030 Comprehensive Plan and associated Future Land Use Plan as well as the Highway 16 Corridor Plan, staff feels that a Conditional District Rezoning with limited uses and conditions that are sensitive to the surrounding single-family residential properties might be appropriate.

**PLANNING BOARD RECOMMENDATION**

The Planning Board, at their special February, 23, 2015 meeting, voted unanimously (7-0) to send an unfavorable recommendation on RZ-003080-2015 to the Board of Commissioners. The Planning Board stated the following reasons for the unfavorable recommendation: traffic concerns for the intersection; not in keeping with the Highway 16 Corridor Plan; driveway access on Providence Road; and that it could be any use allowed in C1 and, therefore, would not protect the neighborhood.

**STATEMENT OF REASONABLENESS AND CONSISTENCY**

The proposed zoning of this parcel appears to (not) be reasonable at this time. It also is (in)consistent with the future planning goals of the Town of Waxhaw.

*Submitted By: Lisa McCarter*

**Revisions to Section 16.1.9 Effect of Denial on Subsequent Petitions and Section 16.2.11**  
**Twelve-Month Limitation on Re-application**

**EXPLANATION OF THE REQUEST**

Petition TA-003098-2015 is a request by staff, on behalf of the Board of Commissioners, to amend Section 16.1.9 Effect of Denial on Subsequent Petitions and Section 16.2.11 Twelve-month Limitation on Re-application of the Waxhaw Unified Development Ordinance to revise the requirements with regard to the twelve-month resubmission period on re-application after a denial of a rezoning or conditional rezoning application by the Board of Commissioners.

**STAFF REQUESTED UDO CHANGES**

**Section 16.1.9 Effect of Denial on Subsequent Petitions** (See attached language.)

**Section 16.2.11 Twelve-Month Limitation on Re-application** (See attached language.)

**PLANNING STAFF ANALYSIS**

Currently the Unified Development Ordinance does not allow for submission of a similar rezoning application or conditional rezoning application or resubmission of a revised application prior to the expiration of a twelve month resubmission period after a denial by the Board of Commissioners. The only opportunity to avoid the twelve month resubmission period is in the case of a conditional rezoning request that has been significantly changed.

During consideration of a previous application by the Board of Commissioners, it was determined by the Board that there may be certain instances where the twelve month resubmission period on an application or re-application should be waived after a denial. The Board of Commissioners instructed the staff to draft a text amendment that would address this issue. Staff researched other municipalities in North Carolina to find out if they waive the requirement under certain conditions and several municipalities had criteria for waiving the resubmission period. All of them used similar criteria when determining whether to waive the requirement or not. The text amendment draft incorporates these criteria into Section 16.1.9 and Section 16.2. The proposed text amendment, if approved, will give the Administrator the authority to waive the twelve month restriction period if one or more of the following has occurred:

- A. There has been a significant change in the zoning district classification of an adjacent piece of property.
- B. The Town has adopted a plan that changes policy regarding how the property affected by the amendment should be developed.
- C. Construction or expansion of a road, water line, sewer line, or other such facilities has occurred to serve the property and can comfortably accommodate the intensity of development allowed under the proposed classification.

**PLANNING STAFF RECOMMENDATION**

Staff recommends approval of TA-003098-2015. The proposed revisions to Section 16.1.9 and Section 16.2.11 will allow the Administrator to waive the twelve month resubmission period if certain criteria are met.

**PLANNING BOARD RECOMMENDATION**

The Planning Board, at their February 23, 2015 special called meeting, voted (6-1) to send a favorable recommendation to the Board of Commissioners on TA-003098-2015. Mr. Burrell voted against the recommendation. He believes the text amendment should be revised so the Board of Commissioners will be responsible for making the decision whether to allow for re-application prior to the expiration of the twelve month re-application period. He said that this determination should be made after the Administrator has relayed to the Board of Commissioners that one of the three conditions has been met. He also recommended a fourth condition be added to require the Board of Commissioners to have staff initiate an application prior to the expiration of the 12 month re-application period if the Board of Commissioners realizes a mistake was made during consideration of an application that was denied.

---

Submitted by: Chris Rice, Planner II

## Amendments to Section 16 of the Unified Development Ordinance

### 16.1.9 Effect of Denial on Subsequent Petitions

When the Board of Commissioners shall have denied a map application or the application shall have been withdrawn after the first notice of the public hearing thereon, the Board of Commissioners shall not entertain another application for the same or similar map amendment, affecting the same property or a portion of it until the expiration of a one year period, extending from the date of denial or withdrawal, as applicable. ~~Provided, however, one additional application may be made before the expiration of the one year period~~ This waiting period shall not be applicable for the same property or a portion of it if the first application was not for a Conditional Zoning District and the second application is for a Zoning District designated as a Conditional Zoning District or the Administrator determines at least one of the following has occurred:

- A. There has been a significant change in the zoning district classification of an adjacent piece of property.
- B. The Town has adopted a plan that changes policy regarding how the property affected by the amendment should be developed.
- C. Construction or expansion of a road, water line, sewer line, or other such facilities has occurred to serve the property and can comfortably accommodate the intensity of development allowed under the proposed classification.

### 16.2.11 Twelve-Month Limitation on Re-application

If a request for rezoning to conditional zoning is denied by the Board of Commissioners, a similar application for the same property or any portion thereof shall not be filed until the expiration of a twelve (12) month period from the date of the most recent denial by the Board of Commissioners. This waiting period shall not be applicable where the application for a conditional zoning is substantially different from the original application or the Administrator determines that at least one of the following has occurred:

- A. There has been a significant change in the zoning district classification of an adjacent piece of property.
- B. The Town has adopted a plan that changes policy regarding how the property affected by the amendment should be developed.
- C. Construction or expansion of a road, water line, sewer line, or other such facilities has occurred to serve the property and can comfortably accommodate the intensity of development allowed under the proposed classification.

The term "substantially different" as herein applied shall mean:

- A. The proposed principal use is different than the use contained in the original application; or
- B. The gross floor area of the proposed development is fifty (50) percent or more smaller than contained in the original application.

**Minutes of the Waxhaw Planning Board  
Town of Waxhaw, NC  
February 23, 2015**

The Waxhaw Planning Board met in a special session Monday, February 23, 2015 at 6:30 p.m. at the Waxhaw Police Department Community Room.

**Special Called Meeting**

**1. Call to Order**

Chairman Godfrey called the meeting to order at 6:30 pm.

**2. Roll Call and Determination of Quorum**

A roll call and determination of quorum was made.

Present: Chairman Godfrey, Vice-Chairman Underwood, John Cannamela, Michael Kreimer, Fred Burrell, Thomas Dwyer, Bob Morgan, Dan Gingrich (not seated), Staff McCarter, Staff Rice, Staff Oakley, Interim Manager Mahar, and Recording Secretary Oliver.

Absent: James Mathieson

**3. Work Session**

NONE

**4. Unfinished Business**

NONE

**5. New Business**

- A. RZ-003080-2015 - A request by McCray Smith, on behalf of Cray, Inc., for a rezoning/map amendment on parcel 06-138-001 from R4 (Single-family Residential) to C1 (Neighborhood Commercial) located at 3808 S. Providence Road.

Staff McCarter gave a presentation on RZ-003080-2015 (see attached).

Ken McCoy stated that he was a resident of the Oaks neighborhood. He stated that he had four points he would like to stress when considering the proposed rezoning. First he stated that there are over 100 homes in the Oaks and multiple drivers per home and that traffic is a real concern. He stated that he was concerned that the proposed rezoning would worsen traffic at the intersection of Red Oaks Trail and Highway 16. He stated that he appreciates bringing business to Waxhaw but that the rural nature of the

town drew him and his family to Waxhaw and he would like to preserve the rural character. Ken McCoy stated that he felt that the rezoning is not in keeping with Waxhaws future land use plan. He stated that he felt neighborhoods need protection by the town because they already suffered from decreased property values due to an unfavorable school district redistricting.

James Miller stated that three years ago there was a rezoning two doors down with the B&H Holding rezoning. He stated that he can appreciate that the owner would like to rezone his property to commercial but feels the owner just wants to increase the value of his property. He stated that that he is concerned with traffic and asked for the Planning Board to consider a traffic impact study. James Miller stated that if all the commercial property in the area was developed it would be a traffic nightmare. He stated that he was against the proposed rezoning.

Kevin Leebrick stated that at the intersection of Red Oaks Trail and Highway 16 it is very difficult to make a left turn. He stated that if the rezoning is approved that he would like to see a condition placed on the approval that an easement would be created on the property for a neighborhood sign for The Oaks.

Mark Thompson stated that that he has lived in The Oaks for 19 years. He stated that many people enjoy walking on the neighborhood streets and stated that the traffic is dangerous. He stated that the owner has gutted the house and turned it into an office and that he has been selling cars out of his house and that he has many cars that are unlicensed stored at the house.

McCray Smith, the applicant, stated that he loves Waxhaw and wants to make it as great as it can be and that he has several investments in the town. He stated that he has sold two vehicles out of the garage at that house in the past month and that is all he has ever sold. He stated that Providence Road is the busiest road in the town and that there are traffic problems associated with the road. McCray Smith stated that he has neighbors that would also like to rezone their property and that he has tried to buy the houses next door but could not afford the asking price. He stated that he has a verbal agreement with an insurance company to use the property for an office if the proposed rezoning is approved. He stated that the proposed office use would create very little traffic.

Thomas Dwyer asked if the proposed office would have its own entrance off of Highway 16. Staff McCarter stated that NCDOT would require a driveway permit to allow a driveway cut in that location. She stated that it would only have access via Red Oaks Trail.

Fred Burrell asked if the property owners were formally notified via US mail about the rezoning petition. Staff Oakley stated that the adjoining property owners were not notified via mail because adjoining property owner notices are not required prior to the

Planning Board hearing. She stated that staff did post a rezoning sign on the property and that it was prior to the time period required by state statutes.

Fred Burrell stated that the Comprehensive Plan is being rewritten and that the updated plan would most likely call for a new Unified Development Ordinance (UDO) to be written following the completion of the Comprehensive Plan. He stated that the Highway 16 Corridor Plan is very good and looks at the road as a whole. He stated that the traffic is a problem and that he believes it should be a requirement of the UDO to conduct a traffic impact study and he would like to require a traffic study prior to the consideration of the rezoning petition. He stated that he envisioned commercial zoning in that area along Highway 16. Fred Burrell stated that the problem with approving multiple isolated rezonings is that there is not a comprehensive view of the effects that the rezonings will have on the area. He stated that the proposed rezoning does not agree with corridor plan because the parcel by parcel consideration of rezonings are too fragmented.

McCray Smith stated that all but three parcels along Highway 16 in the area around his property are commercially zoned. Fred Burrell stated the proposed rezoning petition is a little too early to look at the area comprehensively.

McCray Smith stated that that all commercial properties along Highway 16 have residential properties abutting them. He stated that his property is very small and would have little impact compared to other properties along Highway 16.

Staff Mahar stated that the NCDOT would allow a curb cut for the property and the location would be determined by the NCDOT.

An audience member stated that the B&H Holdings rezoning, that is north of the property in question, was approved for a right-in-right-out driveway on to Highway 16 and there would be a traffic signal installed at the entrance to Alma Village to help ease traffic issues. Staff Mahar stated that that the information stated is correct but that the driveway configuration has yet to be determined and that it would be determined based on the use.

**Fred Burrell motioned to send an unfavorable recommendation for RZ-003080-2015 to the Board of Commissioners. John Cannamela seconded. The motion passed unanimously, (7-0).**

Fred Burrell stated that the rezoning petition is not consistent with the recommendations of the Highway 16 Corridor Plan because fragmented rezonings would lead to more and more driveway cuts onto Highway 16 further contributing to traffic problems with driveway access and traffic concerns at the intersection. He stated that the Comprehensive Plan and the UDO are not yet to a point where they would provide proper protections to residential properties with buffer and screening

requirements because the request would allow any use permitted in the C-1 zoning district and would not protect the neighborhood.

- B. TA-003098-2015 - A request by staff, on behalf of the Board of Commissioners, to amend Section 16.1.9 Effect of Denial on Subsequent Petitions and Section 16.2.11 Twelve-month Limitation on Re-application of the Waxhaw Unified Development Ordinance to revise the requirements with regard to the twelve-month resubmission period on re-application after a denial of a rezoning or conditional rezoning application by the Board of Commissioners.

Staff Rice gave a presentation on TA-003098-2015 (see attached).

Thomas Dwyer asked about the proposed text amendment and how it would affect applications that met one but not all three of the conditions outlined. Staff Rice used the Andover Chapel rezoning petition as an example.

Vice-Chairman Underwood asked if there were any outstanding cases that would be affected by this text amendment. Staff Rice stated that there were.

Fred Burrell stated that he felt the proposed text amendment is a good idea but he would like to see it written in a way that was a little more black and white. He stated that the Zoning Administrator should notify the Board of Commissioners if an applicant meets any of these conditions. He stated that he wants to avoid gray area in the wording and that having black and white regulations would be better for development.

Chairman Godfrey stated that he is not sure how he feels about the Board of Commissioners making the decision and not utilizing the expertise of planning staff.

Fred Burrell stated that he feels a fourth condition should be added stating that if the Board of Commissioners finds that they would like to reverse one of their rezoning denials that the applicant should not have to wait 12 months to resubmit. He stated that the Board of Commissioners should decide as a group whether or not to ask the applicant to present the case again. Staff Rice asked if the Board of Commissioners would instruct staff to initiate a new application for the applicant. Fred Burrell stated that the Board of Commissioners would instruct staff to initiate a new application.

Staff Mahar stated that he disagrees with adding a fourth condition. He also stated that Attorney Spencer has reviewed the proposed text amendment with staff and that it has been looked at from many different angles. He stated that the Zoning Administrator should be able to make the determination.

Chairman Godfrey stated that he feels that the town's boards and committees need to have confidence in staff to make decisions.

**John Cannamela motioned to send a favorable recommendation for TA-003098-2015 to the Board of Commissioners. Bob Morgan seconded. The motion passed six to one, (6-1).**

Fred Burrell opposed the motion.

Fred Burrell stated that the reason that he opposed the motion is that conditions should be more black and white. He stated that if two or three of the conditions are met that it should automatically be brought to attention of Board of Commissioners and if the Board wishes to reverse one of their rezoning decisions, that the Board of Commissioners should be able to instruct staff to initiate a new application and the case should be heard again.

**6. Other Business - Update on previous case(s) heard by the Planning Board**

Staff Oakley stated that the Berger Daycare case was approved by the Board of Commissioners. She stated that the Waxhaw Park CUP revision was also approved with the condition that a church use not be included.

**7. Minutes for correction and approval: January 20, 2015 regular meeting**

**Michael Kreimer motioned to approve the minutes from the January 20, 2015 special meeting. Thomas Dwyer seconded. The motion passed unanimously, (7-0).**

Chairman Godfrey stated that Planning Board members should be mindful of their actions and all members are representing the Planning Board and that members should be respectful of that at all times.

**8. Adjournment**

**Michael Kreimer motioned to adjourn the meeting at 7:14 p.m. Thomas Dwyer seconded. The motion passed unanimously, (7-0).**

The meeting adjourned at 7:14 p.m.

Respectfully Submitted,

---

Chairman, David Godfrey

Draft

## **VI. New Business**

### **A. Discussion and Possible Action of the YMCA Agreement**

**Presenter:** Steve Maher

#### **Information**

The YMCA is considering opening a branch within the municipal limits. The parties have discussed a private / public partnership where the Town will provide use of Town property and the YMCA will provide certain recreational activities. The next step is to enter into a Letter of Intent outlining the agreement.

#### **Board Action**

- Possible Action: authorize the Town Manager and Town Attorney to negotiate a Letter of Intent with the YMCA.

## **VI. New Business**

- B. Discussion and Possible Action involving Transition of Interim Town Manager with new Town Manager  
[Presenter: Chaplin Spencer](#)

### **Information**

The Board appointed Warren Wood as Town Manager effective March 30, 2015. The Board needs to end Interim Manager's Mahar's appointment as Interim Manager. The motion may include any transitional duties. The Board should further decide on the associated appointment of Finance Director as the Town Manager has historically been appointed to this role.

### **Board Action**

- Possible Action motion to end Interim Manager Mahar's term as Town Manager and motion to end Interim Manager's term as Finance Director and appoint replacement.

## **VI. New Business**

- C. Discussion and Possible Action on Increasing the Town Manager's Contract Approval Threshold to \$15,000  
Presenter: [Steve Maher](#)

### **Information**

The Town Manager is currently authorized to sign contracts up to the \$6,000. Contracts that exceed this amount must come before the Board of Commissioners for approval. This Board discussed increasing this amount several times while approving contracts. The \$15,000 limit remains low but will allow more flexibility until this item can be studied further.

### **Board Action**

- Possible Action motion to increase the Town Manager's contract authority to \$15,000.
