## **BRANDING OF VENUE / PRESENTED BY EVENT SPONSORSHIPS**

This is available if all costs for the venue are covered by the sponsoring company.

This typically is in the \$2500-\$3000 sponsor level, some lower, some higher, depending on the venue. Please contact Events staff for sponsorship opportunities at this level.

In addition, to the benefits above, a company may brand the designated area with banners and company promotions. For instance, if the entertainment costs for the Music Stage are covered, your company could brand the Music Stage.

In the case of parades, if a company is the Presenting Sponsor of a Waxhaw Parade, the company's banner will be the first entry following the police start vehicle.
